

Radiant Heat Series

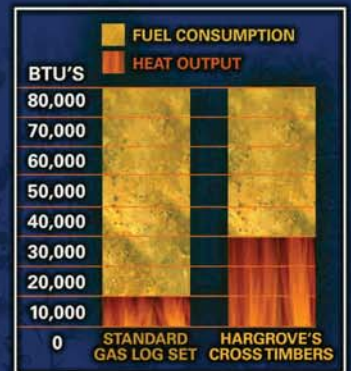

VENTED GAS LOGS

Cross Timbers

Cross Timbers Radiant Heat logs redefine the role of a vented gas log set. Our revolutionary new molding process captures all the detail you expect from Hargrove in ceramic fiber, for maximum heat radiance. Our Radiant Riser™ technology directs this heat forward and out into the room, creating radiant heat output comparable to vent-free, with the natural beauty of vented logs. Cross Timbers was awarded the prestigious Vesta award for Gas Logs at the 2007 HPBExpo.

- Dark Charring and warm glow
- Premium series
- Natural gas and liquid propane applications

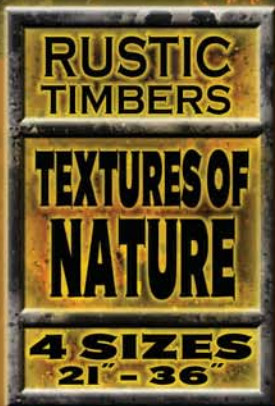

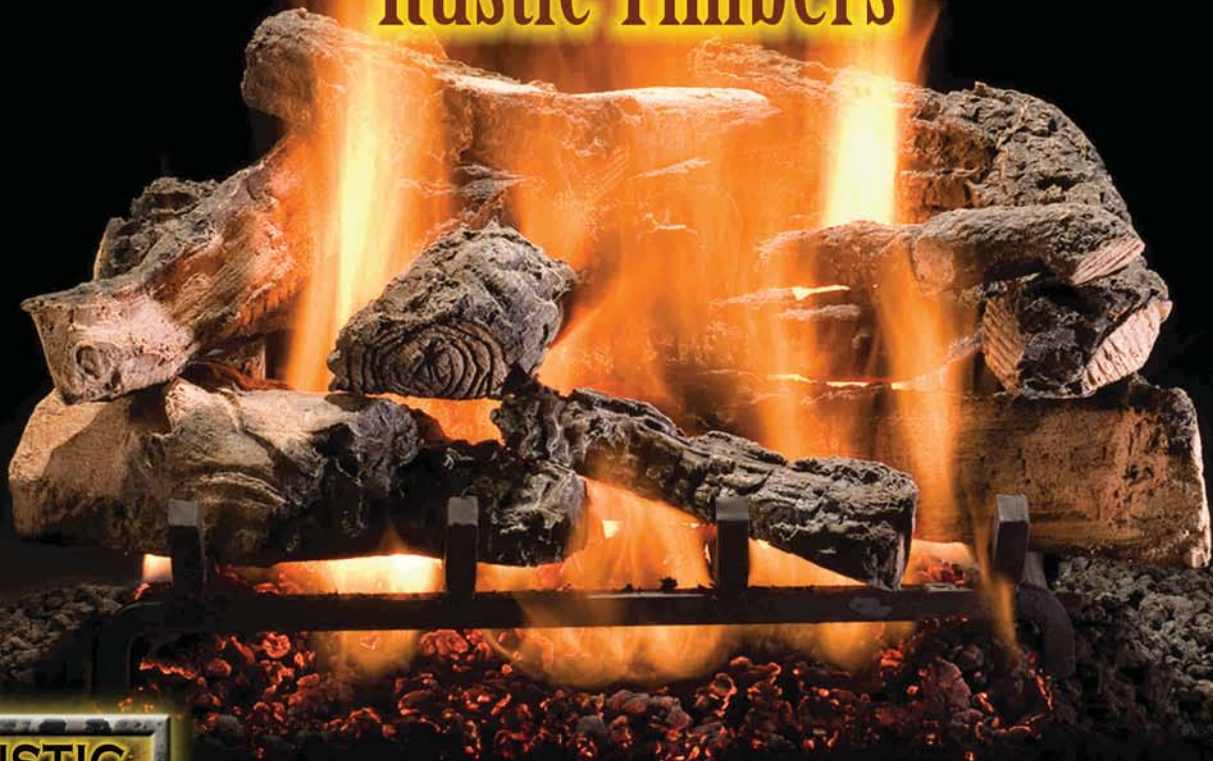

Radiant Heat Series

VENTED GAS LOGS

Rustic Timbers

Rustic Timbers further refines Hargrove's Vesta award-winning Radiant Heat vented log series, and Radiant Riser™ technology, for radiant heat production comparable to a vent-free log set, while retaining the beauty and realism found only in Hargrove vented gas logs. Our unique molding process faithfully reproduces the intricate textures of nature in ceramic fiber, creating a warm and inviting glow in the heart of the log set, with all the detail you expect from Hargrove. Rustic Timbers™ is designed to work on all Hargrove vented burner systems.

- Split wood textures with inviting glow
- Premium series
- Natural gas and liquid propane applications
